STATE GENERAL FUNDS (SGF)

SGF DMC - \$55.2 Million¹

Through an interagency agreement with the California Department of Health Services, the Department of Alcohol and Drug Programs (ADP) administers, manages, and finances the DMC program by way of contracts with counties and/or DMC providers. These funds are available to counties to meet the cost of DMC services for Medi-Cal beneficiaries.

The Federal Financial Participation (FFP), the federal share of the Medi-Cal program, for the fiscal year beginning July 1, 2004, and ending on June 30, 2005, is 50 percent.

NOTE: Beginning in FY 2000-01, the level of funding for the DMC program has been determined using caseload estimates. Therefore, the appropriation may be adjusted during the year based on the following factors: caseload, rates, services, and utilization patterns.

State-Operated DMC Services (Direct Contracts)

Any SGF DMC funds allocated to a county that elects not to, or fails to, contract with interested DMC providers to furnish DMC-covered services to eligible DMC beneficiaries will revert to the Department. ADP will, in turn, use the county's SGF DMC funds to contract directly with certified DMC providers in that county for these services.

SGF Ongoing - \$5.8 Million

These funds are available to counties to meet the cost of alcohol and other drug (AOD) services. These funds cannot be used to match FFP in the DMC program.

SGF DMC Perinatal - \$2.2 Million²
